

Shark Lift-Away Professional Steam Pocket Mop Accessory Hose Attachment Replacement

If you need to replace or re-install the...

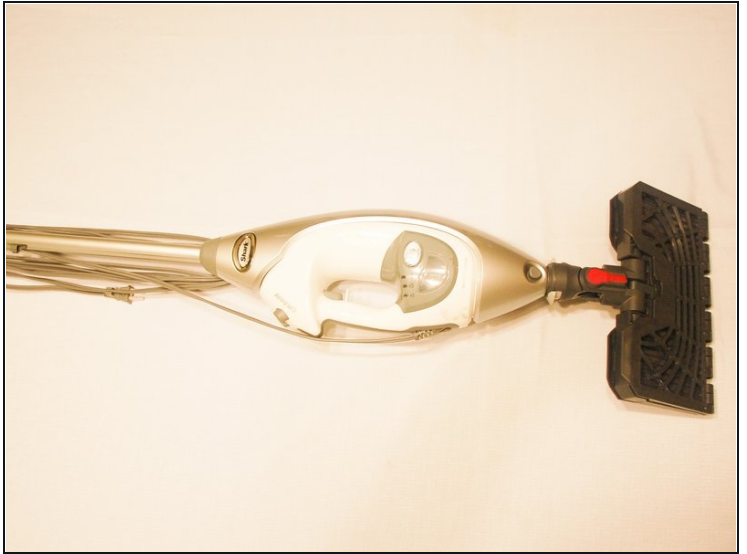

Written By: Rachel Howe

INTRODUCTION

If you need to replace or re-install the accessory hose attachment for your Steam Pocket Mop, this guide will walk you through the process. There are no tools needed to complete this replacement.

Step 1 — Accessory Hose Attachment

- Turn off the Steam Pocket Mop and unplug it from the wall.

⚠ Be sure that any water in the water tank cools before proceeding.

Step 2

- Disconnect the hand-held steamer unit from the accessory extension hose.
 - Grip the hand-held steamer and push down on the two release buttons.
 - Gently pull the accessory extension hose out in a horizontal motion until it disconnects.
- ☑ When reassembling, be sure to insert the base of the hand-held unit first.
- ⓘ If you have any problems with the hand-held steamer locking into place, please consult our [Troubleshooting Page](#).
- ⓘ While the accessory extension hose is not pictured here, the procedure is the same.

To reassemble your device, follow these instructions in reverse order.
