

Xiaomi Mi Mix 2s Screen (LCD+Touch) Replacement

How to replace a Xiaomi Mi Mix 2s screen.

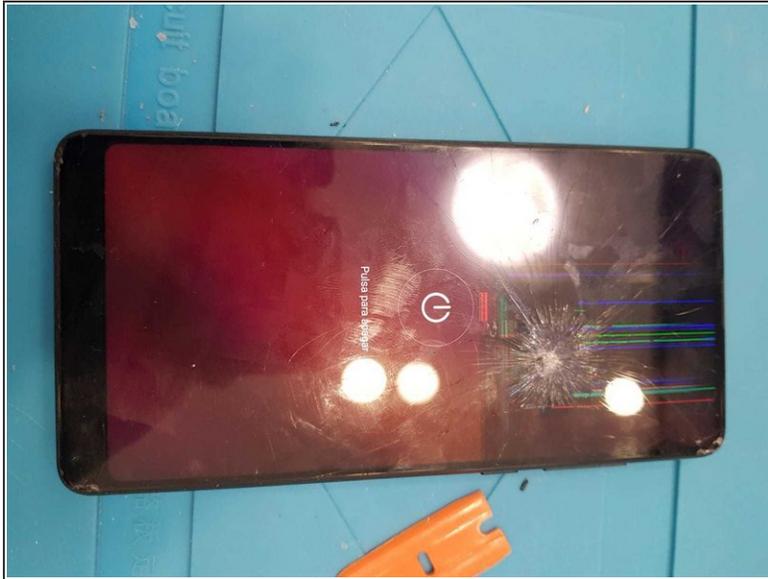

Written By: Kefelegn Derbew

 **TOOLS:**

- [Essential Electronics Toolkit](#) (1)
 - [Heat Gun](#) (1)
-

Step 1 — Screen (LCD+Touch)

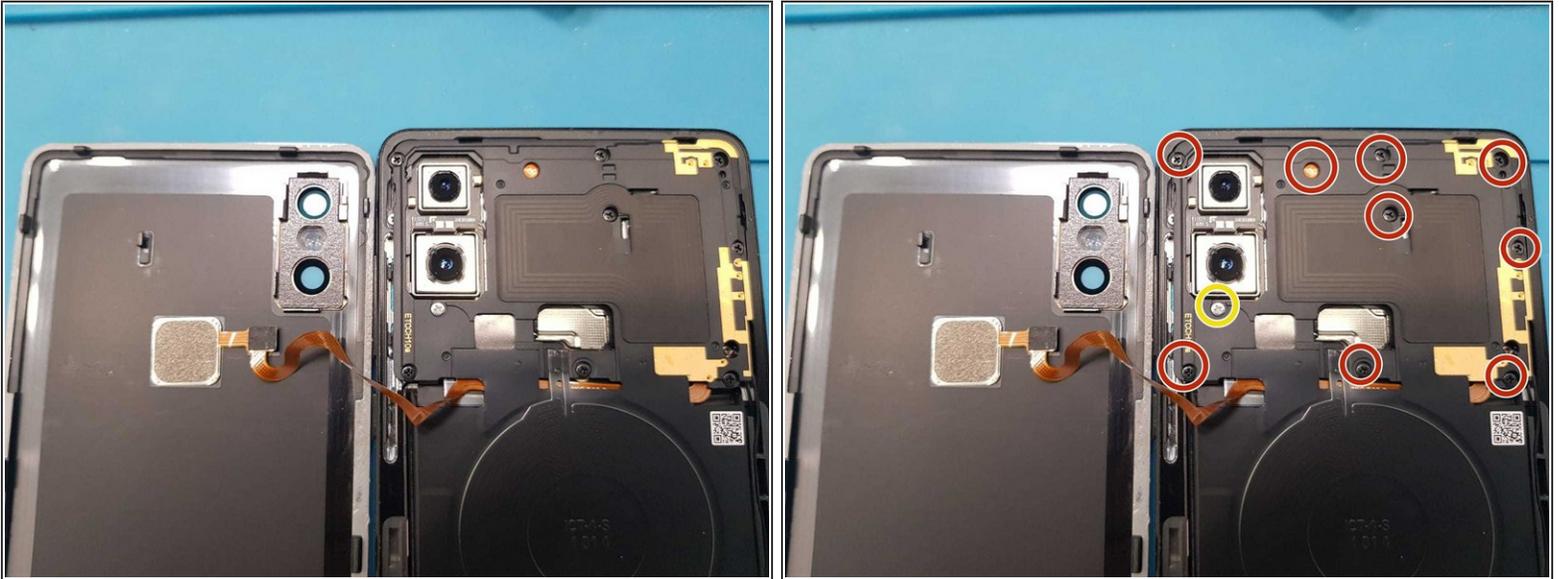

- Turn off and remove the SIM card.

Step 2

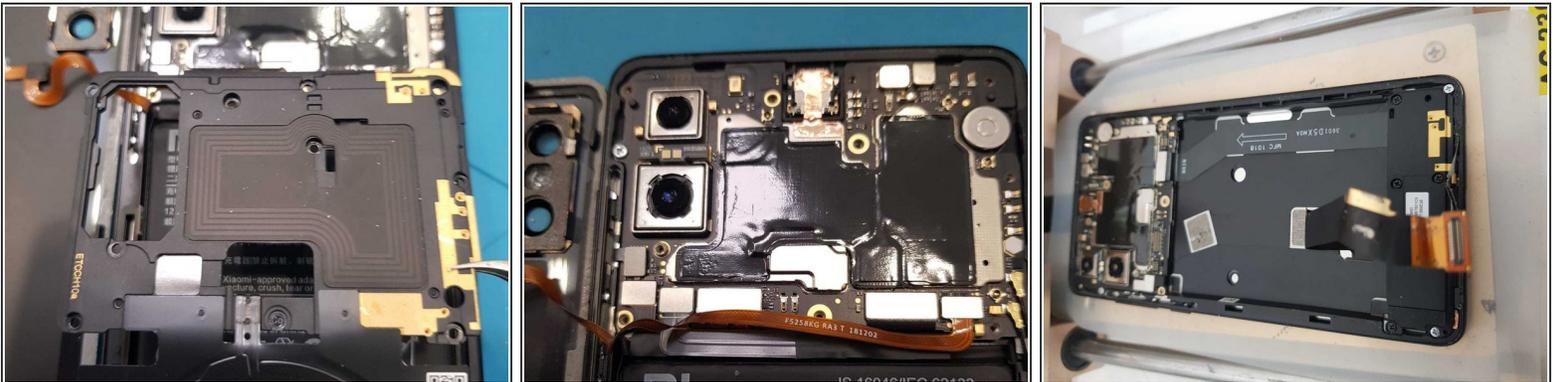

- Apply heat to loosen the back cover adhesive. Then remove it carefully.

Step 3

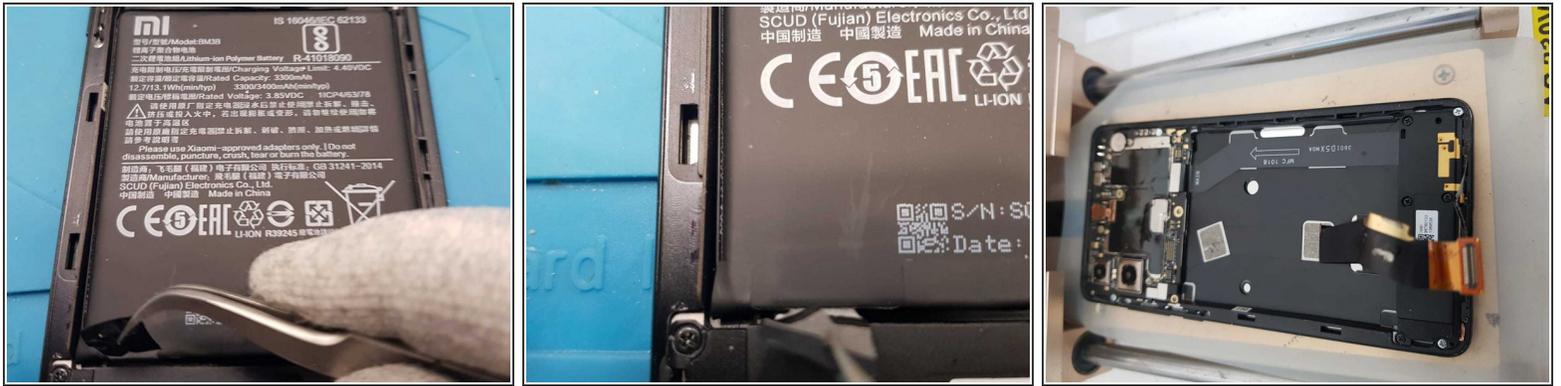

- Remove all nine screws that hold the shield protecting the motherboard.

Step 4

- Remove the shield and disconnect the battery connector, LCD and touch connector, and touch ID connector.

Step 5

- Remove the battery carefully as shown and apply heat to loosen the adhesive holding the screen.

Step 6

- Carefully start to separate the screen as shown. Start from the top corner.

Step 7

- You have done it.

To reassemble your device, follow these instructions in reverse order.
