INTRODUCTION

Use this guide to replace the battery in the Motorola Moto E4 (XT1762).

Before you begin, download the [Rescue and Smart Assistant](#) app to backup your device and diagnose whether your problem is software or hardware related.

PARTS:

[Moto G4 Play, E4, E5 Play Replacement Battery](#) (1)

Step 1 — Back Cover

 Power off your phone before beginning disassembly.

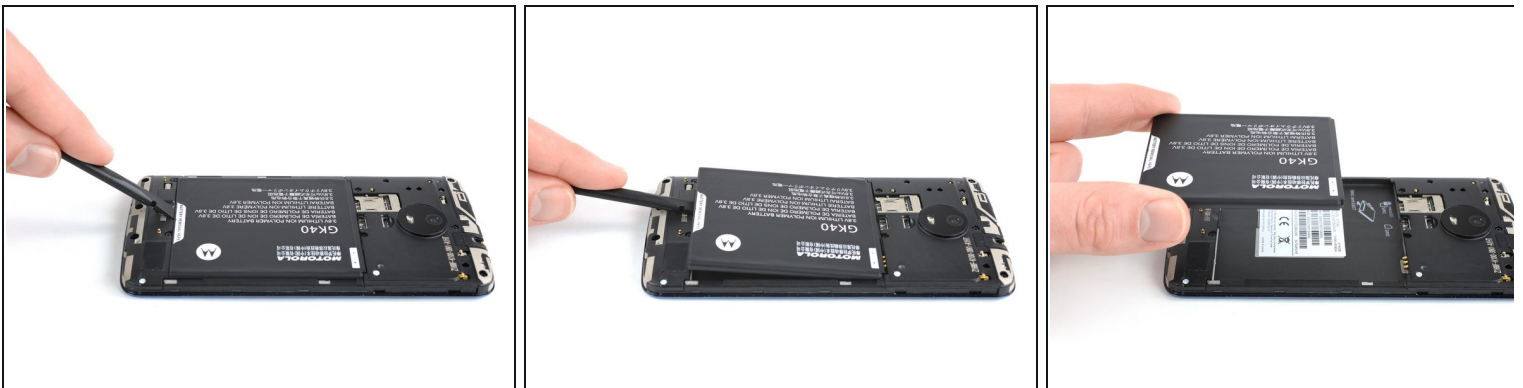

- Insert a fingernail, or spudger, into the notch on the bottom right corner to start separating the phone unit from the back cover.
- Move to the bottom left corner to pry the phone out of the back cover.

Step 2

- Lift the phone out of the back cover.

Step 3 — Battery

- Use a fingernail or spudger to pry at the notch at the bottom end of the battery.
- Lever the battery out of its recess and remove it.

To reassemble your device, follow these instructions in reverse order.

Take your e-waste to an [R2 or e-Stewards certified recycler](#).
