

Verizon Ellipsis 10 Back Cover Replacement

How to remove and replace the Verizon Ellipsis 10 Back Cover to access internal hardware. Model number: QTAIR7.

Written By: Samuel Sowanick

INTRODUCTION

This guide is designed to provide you with simple steps to remove the back cover of the Verizon Ellipsis 10 to access the internal hardware.

TOOLS:

- [iFixit Opening Tools](#) (1)
-

Step 1 — Back Cover

- Open the SD/SIM card cover to start prying off the back cover.

Step 2

- Start using the iFixit Opening Tool in the SD/SIM area to release the clips holding the back panel on.

Step 3

- Follow along the edge of the device to undo all of the retaining clips.

Step 4

- Once all the clips are undone, the back panel should come off with little effort.

To reassemble your device, follow these instructions in reverse order.
