

# Kushlan Cement Mixer 600DDS 2014 Motor Cover Replacement

How to replace the motor cover on a 2014 Kushlan Cement Mixer model 600DDS.

Written By: Sam Omiotek

## INTRODUCTION

Follow this guide to remove or replace the motor cover on a 2014 Kushlan Cement Mixer model 600DDS.

### TOOLS:

- [13mm Socket](#) (1)
- [Socket Wrench](#) (1)

### PARTS:

- [Kushlan Motor Cover 600DD-06](#) (1)

## Step 1 — Remove the motor cover bolts

⚠ Before you begin, ensure the power cord is unplugged and the power switch is in the **OFF** position.

- Use a 13 mm socket to remove the two bolts securing the motor cover to the frame.

## Step 2 — Remove the motor cover

- Remove the motor cover.

To reassemble your device, follow these instructions in reverse order.
