Written By: Ivan Rojas

INTRODUCTION

Follow this guide to replace the speakers of your LG Rumor Touch phone.

TOOLS:

[Spudger \(spatule antistatique\)](#) (1)

[Tournevis cruciforme #1](#) (1)

Step 1 — Battery

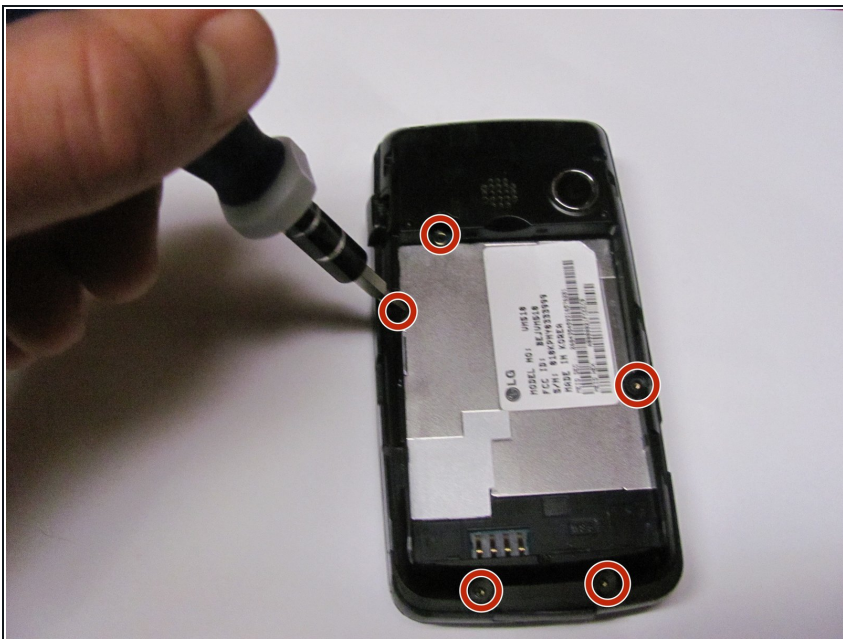

- Remove the phone's back cover by placing your thumb the above charging port, located at the bottom of the phone, and sliding the back cover upward.

Step 2

- Gently pry the battery out of the phone with the spudger.

Step 3 — Inner Shell

- Unscrew the 5 #1 5mm screws.

Step 4

- Lift the inner shell from the phone.

Step 5 — Speakers

- Pull the speaker out of the phone.
- ⓘ The speaker is weakly glued.

To reassemble your device, follow these instructions in reverse order.
