

# **Infant Optics DXR-8 Lens Replacement**

How to replace the lens on the Camera Unit of the DXR-8.

Written By: Marianne Anthonette Miranda

# **INTRODUCTION**

Use this guide to replace the lens of the Camera Unit from the DXR-8.

### Step 1 — Lens

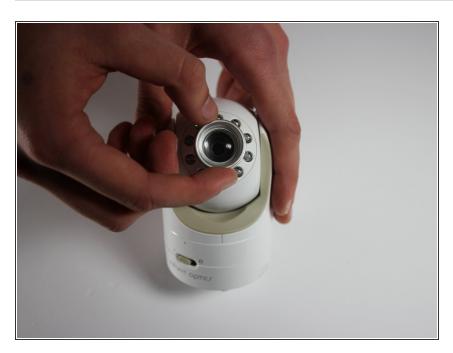

Grasp the lens with your index finger and thumb and twist to the left until it detaches.

### Step 2

Choose a new lens.

# Step 3

 Place the replacement lens on top of the opening and twist to the right until it is secured.
