

iPad 3 4G Rear Facing Camera Assembly Replacement

Prereq only.

Written By: Walter Galan

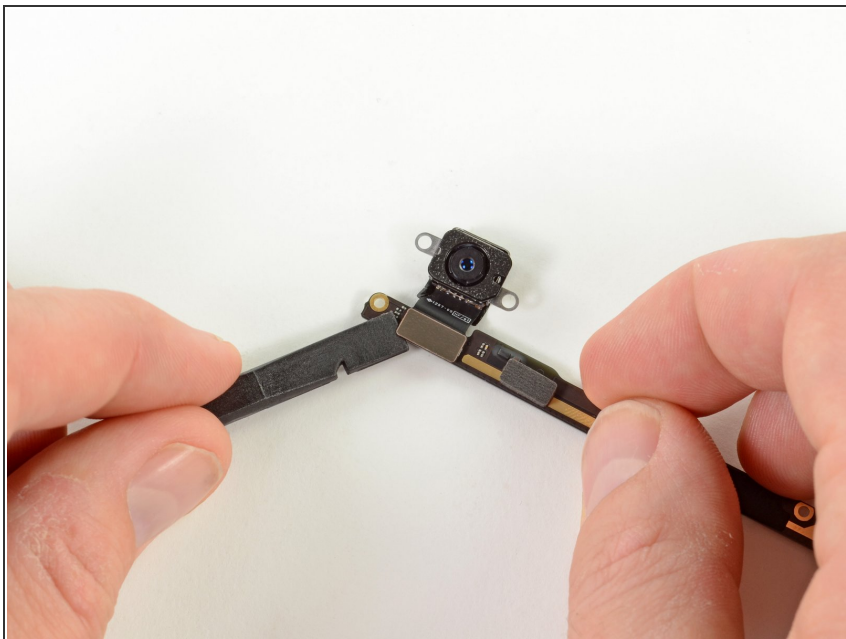

INTRODUCTION

Prereq only.

TOOLS:

- [Spudger](#) (1)
-

Step 1 — Rear Facing Camera Assembly

- Using the flat end of a spudger, pry the rear facing camera off of its socket on the underside of the headphone jack assembly board.

To reassemble your device, follow these instructions in reverse order.
